## EMR Goal

To raise awareness,  
understanding and  
support for marine  
conservation  
throughout Aotearoa  
through dynamic  
experiential education  
opportunities

## Encourage the ethic of Kaitiakitanga

How do we achieve this?

# Fully Funded School Programmes

An underwater photograph showing two divers in blue and black gear. One diver is holding a large, flat, yellowish-green object, possibly a piece of coral or a model. The other diver is holding a large, white, cylindrical object. A large, orange and white striped fish is swimming in the foreground. The background shows a rocky seabed and various smaller fish.

## SNORKEL SERIES 2020-21

Experiencing  
Marine Reserves

Te Kura Moana

Experience the wonders of your local marine reserve or marine environment! The EMR programme has planned Community Guided Snorkel & Kayak Days around Auckland & Northland. We provide free hire of all snorkel equipment and provide experienced snorkel guides to lead your discovery.

Koha of cash, online or donations of time volunteering are appreciated for all events.
